

Strategies that
help your business

GROW*

Introducing
**Product Marketing &
e-Commerce Solutions**
by **Radio Gate International**

Radio Gate has the expertise to offer the industry's finest e-store technology. However, it does not stop there. The reason why an e-commerce store from Radio Gate succeeds where others fail is because we have developed an unprecedented product marketing solution. We have worked extensively in cutting-edge marketing solutions such as television, radio and print advertising to make sure your products are seen by your future and existing clients.

An amazing e-Store coupled with exceptional product marketing gives your company the strategic advantage it needs to succeed.

- Manage ranking with top search engines such as Google and Yahoo Internet Search Engines
- Manage Internet targeted e-mail advertising and Internet banner ad advertising
- Coordinate press releases for your company's new products and services
- Manage the production of TV commercials to be aired in the top 30 U.S Markets via Comcast cable TV, as well as print advertising in newspapers, magazines and postcard campaigns.
- Product Marketing Strategy
- Completely Customizable e-Store
- Captivating Graphic Design
- Professional Help Desk Support
- Secure Transactions
- Credit Card Transaction capabilities

And much more ...
